

## Book Page Ornament

**Includes:** 6 book pages, 6 pieces of string, 2 images, 2 ribbons, and glue stick

**Will need:** scissors

(Enough for 2 ornaments!)

1. Fold the 1st book page, accordion style. The smaller the folds, the fuller your final rosette will look!
2. Fold the now accordion book page in half to make a crease (it will resemble a fan or butterfly!)
3. Tie a piece of string around the center to keep it crease in place.
4. Prepare the 2<sup>nd</sup> and 3<sup>rd</sup> book page in the same way as step one.
5. Glue the last fold of the 1<sup>st</sup> page to the first fold on the 2<sup>nd</sup> page and then the last fold on the 2<sup>nd</sup> page to the first fold of the 3<sup>rd</sup> page (You may have to let the glue dry in between adding each page).
6. Glue the last fold of the 3<sup>rd</sup> page to the first fold of the 1<sup>st</sup> page to complete 1 rosette!
7. Cut out an image to put in the center of your rosette and cover up the string in the middle.
8. Secure image with glue.
9. Take piece of ribbon and glue it to the back of the rosette (Make sure the ribbon is centered above the image BEFORE you glue it in place!)

**Enjoy your new ornament!**
